

10 - Occ Health & Safety/11 - Hazardous Materials

Commitment to Safety

Protecting the safety of our staff and visitors is an important aspect of our culture. All staff have the opportunity and responsibility to contribute to a safe work environment by using common sense rules and safe practices and by notifying appropriate leadership when any health or safety issues are present. Specifically, any hazardous materials within the office environment should be labeled appropriately and any necessary training on proper usage and safety protocols will be maintained. All staff are encouraged to partner with firm leadership to ensure maximum safety for all. The company will maintain compliance with all required government rules and regulations regarding workplace health and safety.
