BCA is committed to creating, maintaining, and supporting a positive work environment that supports and fosters worker happiness and job satisfaction. We value our employees and their families and we strive to create an appropriate work-life balance and provide workplaces where our employees are professionally challenged and satisfied.

To assess how well BCA is achieving its goal, an annual employee survey will be conducted. A minimum of 70 percent of our full-time and part-time employees who have been with the organization for at least six months will complete the survey. The aggregated survey findings will be provided to the employees and BCA will review and attempt to address any shortcomings that may be suggested in the survey.
