Yes, she called me yesterday but I had already left the office to run a bunch of places. We agreed that I will deposit it on Fri so I can arrange to have the vehicle again. I'm not sure if you are planning on working at all tomorrow but I will send documentation and the total deposit then. You would only have the back-up from the one deposit Ali had put together last Wed. We had a bunch more come in that made up the \$80K that you don't have the documentation for. Will that work?

I know Renee also mention that she wanted to cut the three donation checks today. One of them she is hand delivering. They are as follows:

- \$2,500 to Community Foundation of Sonoma County – please earmark this for the Resilience Fund. Address is:
120 Stony Point Road, Suite 220
Santa Rosa, CA 95401
- \$2,000 to Energy Efficiency Business Coalition – Renee will hand deliver this one
- \$2,500 to National Resource Defense Council. Address is NRDC, 40 W. 20th St., NY, NY 10011

There is a form I need to send with the NRDC check so I will mail that check along with the Sonoma County one on Fri but they need to be printed today so Renee can take the EEBC check tonight and sign the checks. She said she would load the checks. Looking at her calendar – about 1:30 would be a good time to catch her.

Hey Christina,
Did Renee tell you the outcome of the tax meeting is that she wants to go ahead and deposit the whole \$80k?

I know Ali sent me some back up earlier...do you have the whole thing?
