Re: Donation for Earth Day 2019

Dear BLOCK project:

VELOCIPEDA architects inc is a full service architecture firm dedicated to sustainable design. As part of our program, we donate a portion of our annual profits (typically 1%) to select organizations working toward sustainable development.

It is therefore with pleasure that our firm presents the enclosed \$100 donation to your organization, to use as you determine in furthering your mission.

In keeping with our green business practices, we request that you not add our name to your mailing list, nor send us any promotional paper. We can keep track of your organization's work via your web site, and you are welcome to send us email.

Sincerely,

George Ostrow
