S01. Occupational Safety and Health (See Safety and Emergency Section of Handbook)

Ambient Energy's goal is to provide a safe and healthy work environment for all of our employees and to foster and advance safety and health management systems for the benefit of employees. The management of safety and health in the workplace is a joint employer-employee responsibility and corporately is needed to safeguard our employees and the public. Employees must report, to their managers, any instance or circumstance that appears to be unsafe or a potential health or safety risk. Ambient Energy will comply with all aspects of the Occupational Safety and Health Administration (OSHA) requirements. Annual safety training is provided for all employees.
