

Stewardship

Positive Products

GuernseyTingle is committed to producing products that contribute to the betterment of people, communities, and the environment. These positive products and services, either directly for the user, or indirectly to others beyond the immediate user, contribute to beneficial outcomes. These products and services positively address societal concerns such as: renewable energy; water services; public transportation; pollution and waste management; social and economic inequalities and injustices; discrimination; poverty and other social injustices; affordable housing; improvements in nutritional foods; health care and safety; advancements in education; animal welfare; promotion of the arts and sciences; and conservation and reclamation of the natural environment. Positive products also refers to the production, selling, and purchase of fair trade products and services that are environmentally-friendly, people-friendly, and animal-friendly. Corporately, in fulfillment of its mission, GuernseyTingle may be involved in any number of these positive products and services.

GuernseyTingle has a policy of purchasing and investing only in positive products and services so that it contributes constructively to its communities. GuernseyTingle will purchase positive products for its use and use positive services for its operations.

GuernseyTingle is not involved in prostitution, payday lending, gambling, genetically modified foods or patenting life.
