Wellsville, Pennsylvania 17365-9783

Dear Marcus,

"What if we could make energy do our work without working our undoing?"
- Amory Lovins, Rocky Mountain Institute Co-Founder and Chief Scientist

You are helping to make a clean energy future possible. Thank you for your gift of \$500.00 on December 31, 2016 to Rocky Mountain Institute. This investment is helping change the future – and the stakes are getting even higher every day. According to a September 2016 report by the World Health Organization, nine out of 10 people globally breathe bad air that is blamed for more than six million deaths a year.

The support you've channeled through RMI is helping nations and industries take huge strides in the clean energy revolution. We are helping the United States, China, Africa, and small island nations; the shipping, mobility, building, and aviation industries; electricity systems; and many others transform the way they make and use energy.

In boardrooms and ministries around the world, Rocky Mountain Institute is a trusted partner, as it is a trusted expert in the engineering spaces and on the factory floors where the battle against climate change will actually be won. Your support is answering the urgent global call with the market-led solutions that lead to big changes to the kind and quantity of energy we consume.

Together, we are the solution. Your investment and leadership in this global challenge inspires us to work harder, think bigger, and move more swiftly in answering the global call. Your gift is fully tax-deductible. RMI is a 501(c)(3) and has provided no goods or services in consideration, in whole or in part, for this contribution. RMI's Tax ID number is 74-2244146.

With sincere gratitude,

A handwritten signature in blue ink that reads "Amy Baum".

Amy Baum
Development Associate

*Thank you so
much for your
generosity!*

NESEA

NORTHEAST SUSTAINABLE ENERGY ASSOCIATION

December 31, 2016

Marcus Sheffer
Energy Opportunities, Inc.
1200 E. Camping Area Rd.
Wellsville, PA 17365-9783

Dear Marcus:

Thanks to you, 30 thermal bridges won't be built! Would that it were so easy for us to quantify exactly how your investment strengthens our community and leads to better clean energy and high performance building outcomes. Alas, not so.

But do you remember the day you first arrived in the NESEA community? Whether you came from the sustainable energy arena or not, I'm sure the excitement you felt was just the same.

You have just given that feeling to a newbie who will join the NESEA community by participating in their first member-driven event. They'll be hooked upon hearing their first Marc Rosenbaum presentation, "kicking the tires" of a newly completed building at their first BuildingEnergy Pro Tour, or learning from John Abrams how our businesses can attend to multiple bottom lines - people and planet in addition to profit. And they'll have their own, compelling "NESEA conversion" experience to share with generations to come, all thanks to you.

Thank you for ensuring, once again, that the riches of this community are available to those practitioners who need us.

Energetically yours,

Jennifer J. Marrapese
Executive Director

*Thanks for investing in
our success!*

JJM/dr

*NESEA is a 501c3 organization. Your gift of \$200.00 is fully deductible as allowed by law.
You received no goods or services in exchange for your donation.*

Miss Kaylee Noel Werner
7group
1200 E Camping Area Rd
Wellsville, PA 17365-9783

Dear Miss Werner:

Thank you for your recent gift supporting ASHRAE's research program. It is through financial leadership and support like yours that this program remains a successful and viable endeavor for its members, the public, and the HVAC&R industry.

Every dollar contributed towards ASHRAE Research is spent on research projects. At any given time, there are 80 or more projects being conducted under the Society's guiding support. When projects are completed, their findings are then made available to the public and the HVAC&R industry through various ASHRAE publications.

ASHRAE is a 501(c)(3) charitable organization, so gifts are tax deductible to the extent allowed by law. Please accept this letter as acknowledgement of your contribution received on 7/10/2017 in the amount of \$82.

Again, thank you for your financial support of ASHRAE's mission.

Sincerely,

A handwritten signature in blue ink that reads "Kim Mitchell".

May 5, 2017

Marcus Sheffer
Energy Opportunities
1200 E. Camping Area Rd.
Wellsville, PA 17365-9783

Dear Marcus:

On behalf of the Board of Directors, the staff and most especially the families served by the Childhood Apraxia of Speech Association of North America (CASANA), I thank you for your recent donation of \$250.00. As required by the law, we confirm that no goods or services were received in exchange for this gift.

The mission of CASANA is to improve the systems of support in the lives of children with speech apraxia and their families so that each child is afforded the best opportunity to develop speech. We do this through services and programs to provide information, education, support, awareness, and research.

Zane is one such child. When Zane was two years old, he could not speak and was diagnosed at the age of three with childhood apraxia of speech. He received speech therapy twice a week but progress was slow and he was moved into a special education preschool. The family then found CASANA. They state: "We used resources of CASANA's website to ask the school district to increase his speech services. They nearly tripled his therapy to 5 days a week and we started to see progress." But even after therapy, only 20% of his speech was understandable. Through continued support and intervention by CASANA, Zane is now speaking so that all can understand and is succeeding well in school. His family said: "We are so thankful for all the tools, resources and support CASANA makes which helped Zane."

Your donation will help more children like Zane find their voice. We thank you so much. You can continue to show your support by "liking" CASANA on Facebook!

Sincerely,

Michele R. Atkins
Executive Director

Every child *deserves* a voice.

Mr Marcus Sheffer
1200 E Camping Area Rd
Wellsville, PA 17365

Thank you!

Donor ID: 50

Expiration Date: 1/7/2018

Dear Marcus;

On behalf of PennFuture, **thank you for your generous contributions in 2016!** We want you to know how much your gift means to us.

Because of your gift, pooled with everyone else's, we've had another remarkable year. We could not have done this without your support. You've helped us make the environment matter across Pennsylvania by funding:

- Our attorneys, enabling them to win legal victories for clean water, air and energy;
- Our staff and volunteers to advocate for strong environmental policies; and
- PennFuture to be a driving force behind shaping the environmental debate on editorial pages throughout the state.

In 2016, PennFuture advanced environmental solutions that move Pennsylvania forward towards a clean energy future. Your dollars have had an impact on every corner of this great state, and will continue to have impact in 2017.

Your year-end donation summary for use in simplifying your 2016 tax preparation:

Your total donations to PennFuture in 2016: \$300

However, this thank you comes along with new challenges. On January 20, 2017 new federal leadership took office—this administration does not support environmental protection and will not base its decisions on science. We also saw PA's own legislative body become the most anti-environmental in our organization's history. It is imperative that we continue our work together to make sure that the environment is fore-most in people's minds.
