

Transitioning the World Towards Sustainability

## VOLUNTEER TIME

EcoAmmo is a proud member of our community and encourages all team members to engage in volunteer activities to make our community even better. As a demonstration of our commitment, and to support our team members, EcoAmmo grants all employees 2 paid days annually to participate in volunteer activities. Part-time employees receive a pro-rated allotment corresponding to their weekly hours. All volunteer time must be pre-approved by the owner and recorded. Intermittently, the volunteer time will be coordinated as a group, providing the entire EcoAmmo team an opportunity to build relationships while giving back to our community.
