

FARR ASSOCIATES

WORKER HAPPINESS

Farr Associates is committed to creating a positive work environment that is conducive to worker productivity, creativity, and happiness. Accordingly, Farr Associates conducts an annual Worker's Happiness Survey where employees may anonymously provide feedback relative to their job satisfaction. In an effort to improve transparency, the results of this survey are shared publically as part of our Benefit Corporation and JUST™ organization reporting. Low survey results would lead to management working to identify strategies and corrective actions to improve conditions and overall work satisfaction.

Cristine M. Perez-Olson, Operations Manager
